FELLOWSHIP SUPPER

MEMBERS OF PRESBYTERIAN CONGREGATION TO CARRY ON SUNDAY'S WORK

Members of the Presbyterian congregation who had signed up and performed some definite work in the Sunday campaign, gathered for a Fellowship supper last evening at the church to talk over Tabernacle days and compare notes.

Many short speeches were made. Some of the experiences were spicy, rich and humorous, and brought forth peals of laughter. Others were wonderful with the portrayal of the joy of seeing transformed lives, souls saved for the Master; while a few touched on the sad and heartbreaking scenes that all saw who had any part in the meetings, of the many who came night after night, and possibly were "not far from the kingdom," but refused the wonderfully presented gift of salvation, and, as the thousands of handkerchiefs waved farewell, voices cried "Goodbye, Bill; God bless you," and the Tabernacle doors were closed for the last time, found themselves outside in the darkness, unsaved, without God and alone.

The entire meeting was one of comradeship and rich experiences. The supper so graciously served by the Ladies' Aid was immensely enjoyed by every one.

A fitting close for the evening was the earnest talk given by Rev. Edmonds, summing up the widespread conservation work planned by the co-operating churches as a unit, and also presenting, among many, four special lines of service he desired his own people to emphasize: First, the adult Bible classes in each of their various forms; second, keeping up the prayer meeting attendance, or, in other words, securing current for service from God's power house; third, refilling prayer lists and steadily endeavoring to win souls, supporting all the regular meetings of the church, and especially backing up the Sunday evening services, and fourth, watching out for the strangers, and bidding all who have no church home a hearty welcome to our own. Boost for the pastor, the congregation and the church. Billy Sunday at all times magnified the church.

EXEMPTION BOARD

(By Walt Le Noir Church.)

The exemption board for the Seventh district of Los Angeles county met yesterday in the Glendale Chamber of Commerce. All three of the members were present and busy—Chairman John T. Wilson of San Fernando, Secretary Mattison B. Jones of Glendale and Mr. F. L. Lanterman of La Canada. The examining physicians were Dr. H. R. Boyer of Glendale, Dr. Harold H. Smith and Dr. A. J. Scott of Los Angeles.

Thanks to the courtesies of Mr. Ezra Parker, Miss Mabelle Douglas of the Glendale Red Cross, Mr. Moore of the People's Store, and the Richardson Transfer Company, the long counter and the tables necessary for the day's big business were loaned and in place before 8 o'clock, while the Bosserman Hardware Company once more kindly sent their large weighing and man measuring scales.

All day long the drafted men and their friends came and went by auto or footmobile. They thronged in and out the Chamber of Commerce, or sat in the parked machines or occupied chairs on the pavement, till the place suggested a busy hotel on circus day, or the voting polls during a hard-fought election.

Nearly 150 men were examined, a few of the list called being transferred to the examining boards of their present residence. There was a wave of exemption applications. But still exemptions were waived by quite a number, and it is thought that the men needed to complete the quota of 125 was obtained. The order numbers examined at Glendale yesterday and at San Fernando the day before were from 651 to 900, inclusive. It is not known when there will be a call for other numbers.

MRS. PULLIAM ENTERTAINS

On Wednesday afternoon Mrs. C. O. Pulliam entertained with a card party at her home for the benefit of the boys of Company 9, Coast Artillery, the proceeds of the afternoon to go for the purchase of Thanksgiving fruit. The house was decorated in chrysanthemums, with roses in the dining room. Light refreshments were served. Five hundred was the game played, and Mrs. S. C. Packer won the first prize, while Mrs. Harry Petty of Glendale Drive was second. A very pleasant afternoon was spent, with the agreeable result of more Thanksgiving good things assured for the boys.

TRUSTEES' MEETING

DISCUSS IVANHOE BRIDGE WITH MEMBERS OF L. A. FINANCE COMMITTEE

The Board of Trustees met in regular session at the City Hall at 8 p. m., November 1, 1917. All members present at roll call.

The minutes of the last regular meeting were read and approved.

A communication was read from the National Defenders' Yuletide Committee, Mayor Woodman of Los Angeles, chairman, expressing appreciation for the co-operation of the Trustees and the people of Glendale in the work of the committee. The communication stated that it is impossible to purchase the gifts which the committee contemplates sending to the front unless a large amount of money is collected for the purpose, and emphasizing the necessity for every one doing his part to assure the success of the work.

The communication was, on the suggestion of the chairman, referred to the committee of which Mattison B. Jones is chairman for reply.

A communication was read from the League of California Municipalities, stating that the San Francisco convention league is anxious to have the national convention of City Managers' Association held in San Francisco in 1918, and urging upon the Trustees the necessity of having Glendale represented at the city managers' convention to be held in Detroit, November 19 to 21 next. The communication was referred to the committee of the whole.

FAREWELL TO SAILOR BOY

Mrs. H. H. Dreyer entertained on Wednesday evening with a taffy pull at her home, 808 Fifth street, by way of a farewell to Mr. G. Smith, the sailor boy who came here a stranger and left on Thursday with so many Glendale friends. Mrs. Danford, with her library force and a few others, were the invited guests, and the festivities began with the closing of the library at 9 o'clock, the usual hour. A jolly evening was spent by the young people with old-time games as well as the taffy pulling, which furnished much fun and merry making. A delicious little spread was served at 11, all the guests being seated around a long table, which was beautifully arranged with yellow flowers and other decorations appropriate to the season, and the mystic hour of Halloween midnight found the guests taking their departure. Mr. Smith wanted to thank every one in Glendale who had helped to make his visit here so unusually pleasant an experience, and he went back to Mare Island with his pockets full of names and addresses, not only of sons, brothers and friends in the service to whom he was commissioned to take messages, but of the many in Glendale who wish to keep in touch with him.

WEDDING ANNIVERSARY DINNER

Mrs. E. G. Chandler gave an exceptionally pretty dinner party on Thursday evening at her home, 1230 Arden axenue, in honor of her own and Mr. Chandler's wedding anniversary. Covers were laid for eight, with a tiny table in addition set for little Gregg Chandler and his two small guests, Dorothy Clark, five years old, and Gene Pennell, who is three. Mr. and Mrs. Oliver Clark, Mr. and Mrs. Pennell and the host and hostess were seated at the beautifully decorated dining table, lit with candles in Halloween holders, and trimmed with the tiny Pompom chrysanthemums in yellow, as well as many other ornamental effects in Halloween colors and conceits. Little cauldron pots held candy and clever nut baskets with black cats attached were given as favors. Even the table linen carried out the color scheme of the season, as did also the menu, straight through to the delicious orange ice cream and golden and white cake. After the dinner the guests adjourned to the living room, where a big witch's cauldron sitting on the hearth before the fire held the fortunes of all who had the hardihood to invoke its magic. Black cats sat about as solemn witnesses to the ceremony. The remainder of the evening was spent in games and with music, and all enjoyed a very delightful social time.

DINNER FOR CHOIR BOYS

A large dinner party was given on Wednesday evening for the boy of the choir of St. Mark's church by Mr. and Mrs. LeRoy Bosserman at their home, 814 South Central avenue. There were forty guests present, members of the choir, of which Mrs. Bosserman is director, with the husbands and wives. The house was beautifully decorated in Halloween effects, with pumpin jack o' lanterns much in evidence. The choir boys, who came in costumes of the season, appearing as ghosts, witches and hobgoblins, were served at one long table, at which Rev. Mills, the rector, presided, with Mrs. Speck, the choir mother, at the foot of the table. There were six smaller tables. Appropriate and pretty place cards were used, and at each place was a small pumpkin, which furnished a weird radiance when the lights in the room were lowered just before the desert. At the close of the dinner Dr. Mills and Mrs. Bosserman each gave a brief talk. Afterwards, games were played and an informal program furnished entertainment for the guests. Miss Esther Ralston and her brother, Bradford, who is the next to the youngest of the talented family, gave a scene from "Romeo and Juliet," and the whole company joined in singing several numbers. Every one had a beautiful time, the young guests of honor especially enjoying the evening, to which they had looked forward for some time.

Mr. T. F. McCrea has been appointed the local chairman for Glendale and Tropico to organize the community for the big $35,000,000 Y. M. C. A. drive for the week beginning November 12.

TELEPHONE WORKERS STRIKE TODAY

UNLESS COMPANY ACCEPTS COMPLETE PROGRAM OUTLINED BY EMPLOYES TO FEDERAL MEDIATOR

(Special Service to Glendale Evening News)

SAN FRANCISCO, November 2.—The general strike of electrical workers employed by the Pacific Telephone & Telegraph company will begin this afternoon unless the company accepts before 4 o'clock the complete program of suggestions made to federal mediator, Verner Z. Reed.

Mediator Reed announces that he has prepared a telegram to be sent to the government at Washington asking government regulation of the telephone company if the strike is called. While he has not given out the exact nature of the message it is understood that in it he urges the government to "commandeer" the company's lines.

CADORNA ON PREPARED DEFENSE LINE

OBSERVORS OF STRUGGLE SAY ITALIANS MAY BE ABLE TO HOLD THEIR POSITION ON TAGLIAMENTO

(Special Service to Glendale Evening News)

LONDON, November 2.—The flooded Tagliamento river separating him from the invading Teutons and with his troops reformed and thoroughly aroused, Gen. Cadorna is on his prepared line of defense today and the first reports of fighting along the line are given in today's official reports. "Along the Tagliamento there was reciprocal artillery fire. Enemy troops advancing along the bank of the river were repulsed with gun fire," reports stated. If the loss of the big guns by Italy to the Teutons doesn't weaken the Italian artillery too much observors believe Cadorna will be able to halt Mackensen.

RUSSIA WILL NOT MAKE PEACE

EXHAUSTED BY REVOLUTION WILL WITHDRAW FROM PARTICIPATION IN WAR FOR PRESENT

(Special Service to Glendale Evening News)

WASHINGTON, November 2.—While temporarily withdrawing from active military participation in the great war, Russia will make no separate peace with Germany. This was officially announced at the Russian embassy here this morning. The statement admitted that Russia is exhausted by the tremendous strain of establishing a stable government after the revolution and weakened by mismanagement of her economic affairs. For the present, probably until next spring she will transfer her burden of war to the Allies. "Any statement that Russia has quit the war is unwarranted," said Secretary of State Lansing this morning.

POISONED STAMPS AT SANTA ROSA

REPORT OF POSTAGE STAMPS GUMMED WITH SUBSTANCE CONTANING GERMS CAUSES SENSATION

(Special Service to Glendale Evening News)

SANTA ROSA, November 2.—Rumors that poisoned stamps have been circulated by enemy agents residing in this city is causing a sensation here today. It is reported that postage stamps gummed with substances containing germs are being distributed. One woman has turned over to the authorities 15 two-cent stamps that came to her anonymously.

S. S. GOVERNOR FLOATED OFF ROCKS

STEAMER BOUND FOR SAN FRANCISCO STRIKING BREAKWATER IS FLOATED TO INNER HARBOR TODAY

(Special Service to Glendale Evening News)

SAN PEDRO, November 2.—The steamship, Governor, which went on the breakwater rocks in the outer harbor at a late hour last night was floated off the rocks by the high tide and tugs this morning and towed into the inner harbor for repairs. The damage is thought to be slight. No person among the 270 passengers was lost or injured.

The Governor was starting for San Francisco about ten o'clock last night and when rounding the breakwater went on the rocks. A wireless call for help was responded to at once and the passengers were removed and taken back to San Pedro.

WILL BUILD BRIDGE

L. A. COUNCIL AND TRUSTEES OF GLENDALE AND TROPICO SETTLE QUESTION

As is explained in the minutes of the meeting of the trustees of the city of Glendale, members of the finance committee of the Los Angeles City Council met with the Glendale trustees Thursday evening and jointly discussed the Ivanhoe bridge question. At that meeting it was decided to have a committee meet with the City Council in Los Angeles this forenoon. The meeting was held and an agreement was entered into by which the Los Angeles City Council is to appropriate $12,500 for the building of the bridge. This amount, added to the $5000 appropriated by the county, makes a total appropriation of $17,500, leaving $2500 which Glendale and Tropico agree to make good from some source.

So complete is the understanding on the bridge question that the Los Angeles City Council immediately voted their part of the appropriation, ordered the purchase of the lumber and publicly declared the bridge will be built at once. Mayor Thompson and Trustees Woodberry and Muhleman were present at this forenoon's meeting. C. H. Toll, Mattison B. Jones and Mr. Veselich were present to add enthusiasm to the occasion. Three cheers for all who assisted in bringing this bridge building question to a successful termination.

DID NOT ASK EXEMPTION

Following is a list of the men who appeared before the exemption board in Glendale Thursday and passed the physical examination and did not ask for exemption. They were therefore accepted and will go to American Lake soon:

703—William W. Roth, 1505 Hillendale Drive, Los Angeles, Cal.
658—Edgar S. Blivan, 513 South Brand boulevard, Tropico.
668—Roger B. Wright, 1546 Penn street, Glendale.
683—Harry E. Francey, 303 South Kenwood, Glendale.
696—Fred R. Sinclair, 231 Sinclair avenue, Glendale.
715—Neil C. Berry, 117 North Jackson street, Glendale.
791—E. D. Krachey, 712 Raleigh street, Glendale.
771—James A. Wilcolm, 317 Weaver street, Los Angeles.
769—Joseph L. Gaul, 342 North Maryland, Glendale.
837—F. W. Barton, 1220 Montroyal street, Los Angeles.
835—E. W. Abrahms, 345 East Colorado, Glendale.
839—Mary C. Trawney, 308 South Kenwood, Glendale.
796—Carl A. Sanborn, 5900 Weaver street, Los Angeles.

RED CROSS DRIVE

A committee of ten persons, of which are Ed M. Lee, C. O. Pulliam, L. W. Bosserman, Calvin Whiting, Harry W. Chase, F. H. Vesper, E. F. Parker, M. P. Harrison, Roy L. Kent and G. H. Bentley are members, has been selected to make the drive. Each member of this committee will be assisted by four others, making a total of fifty men who will get busy at once to seek monthly pledges that will aggregate $1000 a month for a period of ten months. A meeting to perfect the organization was held at the J. H. Braly home, 205 North Brand boulevard, last evening, and at that time it was decided to hold a "get together meeting" of the committeemen Monday evening at some place to be designated in Saturday's issue of the Evening News.

The city has been divided into five districts, to coincide with the five city election precincts, as follows:

Precinct 1—Chase and Bentley.
Precinct 2—Kent and Pulliam.
Precinct 3—Parker and Whiting.
Precinct 4—Bosserman and Vesper.
Precinct 5—Lee and Harrison.

REPLACES GASOLINE ENGINE WITH ELECTRIC MOTOR

Mrs. Huntley, who recently purchased the Getten property, at the corner of Sixth street and Grand View avenue, has just replaced her gasoline engine with a ten-horse power electric motor. The motor is used to operate the pumping plant that furnishes water for irrigating her ten-acre lemon grove. Mrs. Huntley is a firm believer in modern equipment, and fully realizes that, with the aid of electricity, she will be able to handle the pumping easily and economically.

THRIVING INDUSTRY

G. E. WILLIAMS IS RAPIDLY BUILDING UP SUCCESSFUL FACTORY

The fact that Mr. G. E. Williams, of the Williams Dry Goods Store, on Brand, has found it necessary recently to enlarge his working force brings to light the growth of this thriving little industry, which has sprung up all "unbeknownst," so to speak, in our midst from small beginnings, even as the acorn, though with much more satisfactory rapidity. There is actually a small factory now busily at work at Mr. Williams' establishment industriously turning out pretty little frocks that are even more rapidly being turned out in turn from the sales department.

The story of Mr. Williams' earliest successful attempt at designing is an entertaining one, with a sharp contrast between his first model and the clever gowns he now displays with pardonable pride—though never, perhaps, equaling the boyish complacency with which he exhibited his own first hunting suit (dyed a beautiful green), the result of his cutting and fitting, to say nothing of ingenuity. But since that time he has had many years of training, which peculiarly fit him for the success he is now making with his home-grown enterprise. He was, for a number of years, employed as a drapery salesman, being connected for a considerable time with Barker Bros., in Los Angeles. There could be no better training in color effects, a knowledge of which is so essential to success in women's gowns.

A study of the reasons for success in any line is always a fascinating occupation, and Mr. Williams credits to his mechanical turn of mind the ability he has for correct lines in the cutting of his frocks, all of which he does himself. Certain it is that his constructive turn of mind has given him aid in building with his own hands all manner of interesting things, from houses to petticoats. At any rate, he succeeds in getting that intangible touch of style which every woman instinctively recognizes on sight, and which is reason enough for a demand, that is transforming his retail store into an embryo wholesale establishment still unable to keep pace with the demands made upon it.

Of course, the peculiar conditions of our times are emphasizing the particular points for which Mr. Williams has been striving in making his output so genuinely economical as well as attractive in appearance, so that he little dresses carrying a special appeal right now to those patriotic women who are feeling the responsibility of conserving their expenditure for clothes in order better to aid the cause of our country.

LET OLD GLORY WAVE

Editor Glendale Evening News:

It is good to know that Glendale is adding such live and patriotic citizens to its population as Mr. D. Ripley Jackson, the writer of the letter anent the flag in yesterday's News.

You will remember that I have broached this subject twice in your columns, and also wrote a letter to the city fathers, which was "referred to the committee of the whole," or, in other words, pigeon-holed.

Perhaps now that Mr. Jackson has reopened the matter, the gentleman in charge of the pigeon holes in the City Hall will dust off my letter and have the matter reconsidered and acted upon.

Of course, we need a flag pole in the center of town, with a real big Old Glory on it. One of our good friends here gave me a dollar for this prospective fund, and another promised to pay one-fourth, or was it one-tenth?—of the total expense, a very generous offer. So Mr. Jackson's V is not alone. Suppose we take this up, Mr. Editor, and really do something. HENRY R. HARROWER.

ANOTHER BUSINESS CHANGE

O. L. Kilborn, who for seven years past, most of the time in partnership with J. E. Peters, has conducted a general merchandise business, chiefly groceries, at 1601 Vine street, is forced by continued ill health to quit. He has arranged to have his entire stock auctioned off, commencing Monday, November 12. He will continue selling at retail, however, up to the time of the auction, and probably during the first two days thereof. Mr. Kilborn had hoped to dispose of his stock to some one who would continue the business without interruption, as the splendid people of that community really need a store of that class, and he is strongly in hopes that some one, realizing that need and business opportunity, will step right into the building and keep the business going.

GLENDALE, CALIFORNIA, FRIDAY, NOVEMBER 2, 1917

TRUSTEES' MEETING

(Continued from Page 3)

the railroad commission of the state of California, giving notice of a hearing to be held at San Fernando on Wednesday, November 21 next, at 1 p. m., in the matter of the application of the San Fernando Valley Home Telephone Company for authority to sell property and franchises to the Pacific Telephone and Telegraph Company. Referred to the city attorney.

A communication was read from J. M. Banker, tendering his resignation of the position of building plumbing and electrical inspector, to take place at once. On motion of Trustee Woodberry, the resignation was accepted, and it was ordered that there appear upon the minutes an expression of appreciation of the long and capable services of Mr. Banker in this position.

At this point the chairman announced the presence at the meeting of the members of the finance committee of the City Council of Los Angeles, who were here for the purpose of discussing with the Trustees and citizens generally the question of the construction of a bridge over the Los Angeles river at Ivanhoe.

Mr. Ballard, chairman of the Los Angeles finance committee, made a statement of the status of the proposition, to the effect that the City Council provided in its budget the sum of $7500 for the building of this bridge, and the Supervisors of the county in the further sum of $5000; that the cost of the bridge is estimated at $20,400, but that these figures are based upon a lumber company's bid, which has run over the time limit, so that it is doubtful whether the bidders will stand by the figures given. He stated that the commtitee had endeavored, without success, to get a larger appropriation from the county; that the city of Los Angeles is willing to put in $2500 more if the city of Glendale or this section in general, in conjunction with the Board of Supervisors, will raise the further amount of $5000. He stated that as matters stand, the city of Los Angeles is at present without any available money.

Councilman Cleveland of Los Angeles spoke briefly, confirming Mr. Mallard's statement, stating that he felt that the possible addition of the sum of $2500 by that city is positively all that the city can do, and that every day the matter is deferred adds to the cost of the bridge. He expressed the opinion that this section could afford to contribute the sum suggested on account of the benefit to be received from the work.

Councilman Conwell expressed himself briefly, concurring in the statements of his associates.

Chairman Thompson stated that the bridge committee of citizens, representing this section, had given a great deal of time and labor to the project, and stated that while the financial condition of the city of Los Angeles may be bad, the city of Glendale is also at the present time without any available funds; that the committee had been assured by the predecessors of the members of the present Council of Los Angeles of the sum of $15,000, and, with that assurance, the committee had put forth its efforts toward securing rights of way, which had been accomplished at the expenditure of considerable time and labor.

Mr. Mallard stated his opinion that the committee had consulted with certain members of the Council, but not with the entire body.

Mr. Mattison B. Jones, chairman of the citizens' bridge committee, addressed the meeting, giving a detailed account of the committee's experience. Mr. Jones stated that in view of all the circumstances the committee had felt completely justified in relying upon the City Council of Los Angeles to furnish the sum of $15,000 for the construction of this bridge, and had only discovered after the present Council had adopted its budget that this sum was not provided for. He further stated that personally he does not believe it possible to raise this sum of money in this section at the present time. He believed that the statement of Mr. Mallard to the effect that the greater benefit of the improvement would be received by this section rather than by the city of Los Angeles, is quite debatable.

Mr. C. H. Toll, another member of the citizens' committee, confirmed the statements of Mr. Jones; expressed his belief in the sincerity of the action of the former Los Angeles City Council, and he himself considered it a serious pledge; he felt that as the Council is a continuous body, its members should carry out the pledges of their predecessors.

Mr. Veselich and Mr. Bancroft of Tropico, also members of the bridge commttee, spoke briefly on the subject.

Mr. Frederick Baker, another member of the committee, asked Mr. Mallard whether, if an available sum of money could be found by the Los Angeles City Council, that body would devote it to the construction of the bridge.

Mr. Mallard stated in reply that the city of Los Angeles has been running for the past three or four months without any income, and that there is no available money in any fund that can be transferred for the purpose.

Mr. Peters, trustee of the city of Tropico, addressed the board, stating that the present trustees of the city of Tropico had been placed in a position similar to that of the present Los Angeles City Council, by certain promises made by their predecessors, but that the present Board of Trustees of Tropico intended to see that these pledges were carried out.

Mr. Blanchard, trustee of the city of Burbank, addressed the meeting, stating that his city is also in a condition of financial embarrassment temporarily, but that they would, no doubt, be willing to do their share along any practicable lines for the carrying out of this project.

Trustee Woodberry of Glendale, also a member of the citizens' committee, spoke of the large amount of work done by the committee in securing rights of way, etc., and confirmed a statement by Mr. Jones that this work was to be considered by the City Council of Los Angeles as the contribution of this section to the building of the bridge.

Councilman Conwell of Los Angeles made a statement as to the general expense fund of that city, and stated that the Council is anxious to see this project carried through, and it might be possible, after next July, to find available money in some of the funds, which could then be transferred for this work, but legally no transfer could be made at the present time.

Mr. Jones expressed appreciation of the presence of the Los Angeles finance committee, and in the good faith of the members of the former and the present Council.

Mr. Toll expressed himself in a similar manner, saying that the meeting had greatly cleared the situation.

Mr. Baker suggested the appointment of a committee composed of members of the Board of Trustees of the city of Glendale, Tropico and Burbank respectively, which should meet with the finance committee of the City Council of Los Angeles.

On motion of Trustee Muhleman, it was ordered that a committee, consisting of three members of the Board of Trustees of the city of Glendale be appointed to meet with the finance committee of the City Council of Los Angeles, in company with similar committees from Tropico and Burbank, at 10:30 a. m., November 2.

Reports were presented from the following city officials, ordered to be received and filed:

Health Officer.
Building Inspector.
Recorder.
Tax Collector.

The Manager of the Public Service Department presented specifications for three outdoor transformers for a sub station. On motion of Trustee Muhlman, the specifications were ordered to be read, and when read were, upon motion of Trustee Grist, adopted as specifications for station transformers for the city of Glendale.

On motion of Trustee Jackson, the City Clerk was authorized to advertise for bids for transformers in accordance with the specifications.

The City Manager brought up the matter of sewage disposal in the congested district of the city, and on motion of Trustee Muhleman, a committee of three was ordered to be appointed to confer with the City Manager and the City Engineer in regard to this matter. The Chairman appointed as members, Trustees Woodberry, Muhleman and Grist.

A deed was presented making a transfer of certain property for road purposes for the continuation of Belmont street; on motion of Trustee Muhleman, referred to the City Attorney.

The City Clerk made a report in regard to the proposition of the Los Angeles Official Records Company to furnish the City of Glendale information as to the filing of cases under the Land Title law, generally known as the Torren's Act; he had conferred with a representative of the concern, and was satisfied that the proposition is a desirable one.

On motion of Trustee Jackson, it was ordered that the proposition be accepted, and an agreement for the service be signed up for a period of six months.

The City Attorney reported in regard to the opening and widening of Eighth street, that certain matters in connection with the same had finally been straightened out and referees would be appointed in a few days.

That the interlocutory judgment has been entered in the Sycamore Canon Road opening and widening case.

On motion, Resolution No. 972, "A Resolution appointing Building Inspector, Plumbing Inspector and City Electrician of the City of Glendale," was taken up for reading.

On motion of Trustee Grist, the same upon being read, was adopted; by the following vote:

Ayes: Grist, Jackson, Muhleman, Thompson, Woodberry.

Noes: None.

On motion of Trustee Muhleman, it was ordered that the returns of the special election of October 30th, be now taken up and canvassed by the Board. The Chairman appointed Messrs. Jackson and Muhleman tellers, Messrs. Grist and Woodberry, inspectors.

Demands were reported back approved by the Finance Committee.

Demands were reported back from Finance committee approved and warrants ordered to be issued in payment of the same.

On motion of Trustee Muhleman, the City Clerk was granted one week's vacation, beginning Monday next.

Adjourned.

D. 1917, for the sum of Fourteen Hundred Twelve and 30-100 ($1412.30) Dollars gold coin of the United States, which said decree was, on the 15th day of October, A. D. 1917, recorded in Judgment Book 419 of said court, at Page 256, I am commanded to sell all that certain lot, piece or parcel of land situate, lying and being in the city of Tropico, county of Los Angeles, state of California, and bounded and described as follows:

Lot twenty-six (26), in block five (5), of tract nine hundred and ten (910), in the city of Tropico, Los Angeles county, state of California, as per map recorded in Book 16, Page 133 of maps in the office of the County Recorder of said Los Angeles county, including all buildings and improvements thereon, or that may hereafter be erected thereon, together with all and singular the tenements, hereditaments and appurtenances, water and water rights, pipes, flumes and ditches thereunto belonging or in any way appertaining, the reversion or reversions, remainder or remainders, rents, issues and profits thereof.

Public notice is hereby given, that, on Monday, the 19th day of November, A. D. 1917, at 12 o'clock m. of that day, in front of the court house door of the county of Los Angeles, Broadway entrance, I will, in obedience to said order of sale and decree of foreclosure and sale, sell the above described property, or so much thereof as may be necessary to satisfy said judgment, with interests and costs, etc., to the highest and best bidder, for cash gold coin of the United States.

Dated this 25th day of October, 1917.

JOHN C. CLINE,
Sheriff of Los Angeles County.

Personals

Miss Grace Crampton, of 1011 Chestnut street, is confined to her bed with a severe case of grip and tonsilitis.

Mrs. Lillian Reynoldson of Los Angeles, who formerly lived on South Orange street, was out on Thursday to spend the day in Glendale with old friends and neighbors.

Mrs. William Sanford, of 117 North Maryland, left on Wednesday for Balboa Beach to visit a few days with Mrs. Carrie Watling, of West Eighth street, who is spending several months there for her health.

Mrs. Francis Zerr, of 141 Cedar street, is in Imperial at the home of her daughter, Mrs. Donald MacBain, formerly Miss Frances Zerr, who is very ill in a hospital there with her infant son. Mrs. Zerr has no definite plans for her return.

Mr. H. H. Dreyer, of 808 Fifth street, has left for Brawley, where he will be connected with the firm of Varney Bros., who are operating a chain of stores. He expects to spend the winter, at least, away from Glendale.

Mrs. C. G. Farrow, of 1314 Doran street, had an informal luncheon at her home on Wednesday, at which she entertained Mrs. Benjamin Smith Farrow, Mrs. John E. Osborne and Mrs. R. E. Osborne, whose home is in Los Angeles.

Rev. Mottern gives his very interesting lecture on Luther, which is illustrated with some specially made slides, reproduced from rare old pictures, at the German Methodist church in Los Angeles this evening, which is on the corner opposite the Sunday Tabernacle.

Mr. James Henry Ilse, son of Mrs. Hallie Isle, 114 West Ninth street, left on Thursday for the Presidio at Monterey, where he went as a volunteer to fill a vacancy in the Eighth telegraph battalion of the signal reserve corps. This company is made up entirely from the Pacific Telephone and Telegraph Company.

Mr. and Mrs. William Wood and daughter, Lucille, have returned after a year's absence, and are getting settled in their old home on Broadway, near Pacific. They report many interesting experiences in their Jackson car while in Phoenix, Ariz., and also numerous eventful happenings during their sojourns in the mining districts of Nevada.

Mrs. Stella B. Irvine, who is the state president of the W. C. T. U. and prominent in state war relief work, will be in Glendale on Tuesday, November 6, and will give a talk in the evening at the open social meeting for all the young people of Glendale. Mrs. Irvine is a remarkable woman in many ways, and has the gift of making an especial appeal to the young people. She is a most interesting speaker.

Mr. W. B. Gaylord, of 134 East First street, returned on Thursday from an extended trip through the East, where he has visited friends and relatives for the last eleven weeks. He made stops at a number of places on his way east, at Hugo, Colo., Chicago, a number of towns in Michigan, and then on to Niagara Falls, where he visited Mrs. Gaylord's brother. At Odessa, N. Y., he was with his sister, Mrs. Lyon, for some time before starting on his way back. After all his sight seeing he is exceedingly glad to get back to Glendale, and feels most enthusiastic about our climate, especially since leaving Hugo last Friday in a driving snowstorm.

COLORADO BLVD. P.-T. A.

The Colorado Boulevard Parent-Teacher Association met Thursday afternoon, November 1. The meeting was opened by the president, Mrs. Frank Chambers, and the flag salute was led by Miss Waite. Mrs. Chase won first honors in obtaining the statuary just purchased, having most members present.

A statement was read by the secretary from Washington, urging not only conservation of food, but putting everything to its best use. Miss Waite gave a pleasing report of a successful membership drive.

The speaker of the afternoon was Mr. H. S. Upjohn, superintendent of visual education in Los Angeles county, who gave a very instructive talk, painting in word pictures the advantages of presenting truths to children by means of the picture machine. His talk was very interesting and led to lengthy discussions until, all too soon, the mothers noticed the hour was growing late.

Miss Helen Esterly and Miss Elizabeth Mottern entertained with piano music, while little Lina Borthick, Mary Brooks, Mabel Read and Jane Butterfield served tea and wafers.

BIG FOOTBALL GAME

The football game which the G. U. H. S. boys were scheduled to play with Franklin high school tomorrow has been called off by Franklin, but the boys were more than fortunate in being able to substitute a game with Monrovia high school, and are looking forward to a better game in consequence. They will play at the Glendale high school grounds at 2:30 on Saturday afternoon and hope for a large support from the "home folks." This will be the first football game in the history of the high school, and of course the boys are duly excited over it. They have made arrangements to send for the Monrovia team with machines, and the girls' league will serve refreshments to both teams at the cafeteria. Mr. Hayhurst, the Glendale physical director, has not as yet announced his lineup of the Glendale boys. 53t1

INTERMEDIATE C. E. CONFERENCE

Saturday afternoon at 4:30 the Intermediate Christian Endeavorers of the Glendale District Union will hold a conference hour at the Presbyterian church for officers and workers. All who attend are assured a splendid time, as good speakers and conference workers have been obtained. At 7:30 there will be an Intermediate rally at the same church, Rev. W. E. Edmonds to be the chief speaker. There will be other speakers and good music will have its part in making the occasion of interest. Every one of Intermediate age is urged to come.

REV. WILLISFORD'S Y. M. C. A. ACTIVITY

Rev. E. H. Willisford, whose residence has lately been 129 South Kenwood, was back in Glendale Thursday just long enough to help in moving his family back to their old home at 231 Orange street. Rev. Willisford has been much occupied of late with his preparations for the big Y. M. C. A. drive for $35,000,000, to which the week beginning November —— will be devoted. He is district secretary for the Santa Monica bay district, and will have eleven local committees, each with its chairman, working under him, at the following towns: Santa Monica, Ocean Park, Venice, Hermosa, Redondo, Hawthorn, Inglewood, Culver City, Sawtelle, Palms and Beverly Hills. This district, Rev. Willisford explains, is what is known as an "unorganized district," there being no local Y. M. C. A. organizations now within it, making his task all the more difficult. However, he is intensely enthusiastic in his efforts for his work of construction, and will doubtless have great success. This work is certainly of the greatest national moment, for what directly benefits the soldiers in their camps, both at home and abroad, helps our country and its cause, and nothing helps more for maintaining the highest efficiency than keeping the morale of the soldiers at its best. The establishment of the Y. M. C. A. headquarters at the various camps is met with unfailing results. Rev. Willisford reports word from the commander in chief at Camp Kearney, stating that immediately upon the entrance of the Y. M. C. A. there, the daily applications for leave from the camp to seek outside amusements dropped 50 per cent. The boys are provided with everything possible to make camp comfortable and cheerful, from letter paper to moving pictures. The U. S. government has cooperated with the organization and has turned over this phase of caring for the soldiers both here and abroad entirely to the workers of the Y. M. C. A.

WILL ORGANIZE FRENCH CLASSES

Prof. Louis Briois will be at the home of Mr. and Mrs. Charles M. Turck, 521 North Glendale avenue, Tropico, Saturday afternoon at 1 o'clock for the purpose of organizing classes in the study of French, both for advanced pupils and beginners. He will be pleased to meet all who are interested. 53t1

NOTICE OF PUBLIC WORK

Public notice is hereby given that the Board of Trustees of the City of Glendale, on the 25th day of October, 1917, did, at its meeting on said date, adopt a Resolution of Intention No. 971, to order the following improvement to be made to-wit:

That the public necessity and convenience require, and it is the intention of the Board of Trustees of the City of Glendale, to close up, vacate and abandon for street and alley purposes, all those certain streets, avenues, drives, places and alleys in the City of Glendale, described as follows, towit:

All of Avenues B, C, D, E and F.

All that portion of Bonita Drive extending from the westerly prolongation across said Bonita Drive of the south line of Avenue C to the northerly line of tract No. 250;

All of Novella Drive, Medio Place, Parar Place, Julio Place, Lada Place and Laurita Place;

All that portion of Opechee Way situated westerly of a line drawn across said Opechee Way at right angles thereto and distant 1130 feet westerly from the westerly line of Canada Boulevard;

All that portion of Wabasso Way lying westerly of a line drawn across said Wabasso Way at right angles thereto and distant 734.54 feet westerly from the intersection of the center lines of Wabasso Way and Bonita Drive;

All that portion of Bena Way lying westerly of a line drawn across said Bena Way at right angles thereto and distant 374.66 feet westerly from the intersection of the center lines of Bena Way and Sierra Place;

All alleyways situated within the territory bounded northerly by the northerly line of Tract No. 250; westerly by the westerly line of said Tract No. 250; southerly by the northerly line of Avenue A, and the westerly prolongation thereof, and easterly by the westerly line of Canada Boulevard;

Also the alley 15 feet in width extending from Wabasso Way to Hiawatha Drive, bounded west by Lots 48, 49, 50, 60, 61 and 62, and east by Lots 51, 59, 63 and 70;

All streets, avenues, drives, places and alleys are shown on either map of Tract No. 250, Sheets Nos. 1 and 2 as per map recorded in Book 15, Pages 130 and 131; map of Tract No. 2132 as per map recorded in Book 21, Pages 146 and 147, or map of Tract No. 2292, as per map recorded in Book 23, Pages 106 and 107 of maps, all reference being to Los Angeles county records.

The district to be assessed to pay the damages, cost and expenses for the above described improvement is described in and reference is hereby made to said Resolution of Intention No. 971, for further particulars of said work.

T. W. WATSON,
City Manager, Ex-Officio Street Superintendent of the City of Glendale.

BRITISH AMBULANCE SOCIETY

The regular meeting of the British Ambulance Society took place on Monday in the headquarters. There was a splendid attendance and a great deal of work finished up to be conveyed to Los Angeles headquarters. The visit of Miss L. M. Lowe, a Red Cross nurse, who has just returned from a year's duty in the military hospitals in England, was much appreciated, as she was able to tell the workers just what is most needed, and gave many useful hints to the society. All the work done was approved by Miss Lowe, who later gave a most interesting talk after the tea served in Ye Ginger Tavern.

Among the interesting things of which Miss Lowe spoke was the number of Zeppelin raids which she had experienced in the hospital in Norwich where her work lay. This town, which she says is a city about the size of Los Angeles, lies in the direct path of all air attacks on London, and has never failed to receive attention at such times. The fact that a considerable force of soldiers is held at this point for coast defense makes it evidently a spot worthy of Zeppelin notice. Miss Lowe laid the fact of continued escape from serious harm there to the fact of the whole locality being heavily wooded, so that the barracks and buildings are difficult to locate exactly. She gave many small details which served to make her pictures of these attacks most realistic, and stated that the only times she saw nervousness exhibited by the brave soldier patients were during these raids. She highly eulogized their heroism under the suffering they must constantly endure.

Miss Lowe had brought with her many photographs and army medals and decorations of interest, but perhaps the most interesting of all was the hand sewing, samples of which she showed, done by convalescent soldiers. This work, so painstakingly accomplished despite the obstacles of pain and of grasping a new and difficult art, is done by the loyal men for the benefit of other sufferers to follow in their places, as it is sold and the profits devoted to the hospital.

She stated on what she claims to be the very highest authority that the war is expected to last at least three years longer; that the Germans have nine million more soldiers ready and that the Italian defeat was a very serious setback to the allied cause. She urged the necessity for every man, woman and child to help the Red Cross as much as possible, and she made a special appeal to all Britishers to rally and give every ounce of power and help to the ambulance society. What we have already gone through is as nothing to what we have yet to face, she says.

In coming through Canada, Miss Lowe stopped at Montreal and spoke of the tremendous energy and enthusiasm there and all over Canada. The Red Cross rooms are opened and full of workers every morning at 7 o'clock and all day, and yet the demand for more supplies, bandages, clothing, absorbent cotton, in fact, everything, is never ceasing. They have not nearly enough for their needs over there. We must send it there and we must make and store for the future.

Miss Lowe will endeavor to come again to Glendale, and it is hoped that many more people will be able to hear her interesting and stirring addresses. The hostesses for the afternoon were Mrs. Reginald and Mrs. Whitaker and Miss Ina Whitaker. Next Monday the regular monthly business meeting will be held in headquarters at 2:30 p. m. All members are urged to attend.

CORN HUSKING BEE

David Kelley, of Melrose avenue, giving heed to the family table talk about the many harvest homes enjoyed by the elder members back East, agreed that he could give his playmates a distinct novelty in Halloween parties by inviting them to a genuine corn husking bee, as the family garden had given a good yield of the golden grain. So a number of classmates were bidden to gather last Monday night, and not one failed to respond to the rhymed request. Hundreds of cornstalks composed a huge shock, placed in the hollow square of growing green corn in the large garden. Surrounded by sapling standards, supporting the saffron sentinels, grinning goblins of pumpkin police, the eerie scene flooded by the brilliant beams of Luna's monster lamp, suspended 45 degrees in the heavens, presented a perfect picture. At the word "go" the eager contestants for the prize, a black mechanical cat with a wonderful mouth, attacked the stalks in such "shocking" manner that the "bee" hummed louder and louder, and the fun grew fast and furious until the climax, "time's up." The perfect autumn tang in the air stimulated the spirit of the husky huskers until at the end of the allotted quarter of an hour the enemy were hors de combat, prostrate and inanimate, covering square yards of the struggle, all stripped of their stores of the coveted cereal. In shining stacks of golden grain, the cobs were counter, the prize presented to the windless winner, and adjournment made to the dining room.

Here a sumptuous spread greeted the guests, likewise the "pumpkin police," who, having preceded them, were provided with pillar and post to preserve the peace. Dusky decorations of gloomy goblins, withered witches, scarey sprites and curdling cats, furnished the fanciful fairy Halloween motif. An hour sufficed to swallow the sweets, which included individual home-grown pumpkin pies, "like mother makes." Another hour of bobbing for apples, blindfolded candle blowing and games sent the boys home full of enjoyment of "one of the times of their lives."

HONORABLY DISCHARGED TWICE

Claude Fellows, who returned several days ago on a leave of absence from the navy, received on Thursday his second honorable discharge from the service within the last two months. On September 8 he received a discharge from the Seventh division of the naval militia of California, in which he had enlisted on April 28 and in which he held the position of second baker, because of his enlistment in the United States navy. The second discharge is because of physical disability, origin not in the line of duty. He will not be able to reenter the service. Mr. Fellows is a boy of 18 and has tried hard to serve his country, but has been unable to overcome the effects of an old injury to his ankle. He will doubtless be able to nd some way in which to prove his loyalty and usefulness in some occupation perhaps not so picturesque as that of a "blue jacket," though of equal value in service rendered.

SUNLAND

Mr. A. R. Carter, who has been at the Monte Vista Tavern for the last few months, left for Los Angeles on Thursday.

Mr. Frank Corey is moving to his ranch in Tujunga Terrace.

A large picnic party from the Hall Furniture Company of Los Angeles spent Sunday in the park. They brought their band with them, and Sunland enjoyed their music. It was an ideal day and every one seemed to have a good time.

The Ladies' Aid met at the postoffice rooms Thursday for the regular monthly business meeting. A report of the proceeds of the Halloween social increased the treasury $14.56. The next meeting will be November 22. If there is no work, the society will knit for the Red Cross.

The parties who took the halter and chain from Mrs. Branstetter's horse are kindly asked to return it and nothing will be said. They are known, as they were seen taking it by the grape pickers. There has been quite a lot of petty thieving in Sunland, which is very annoying.

The Halloween social given by the C. E. Society and Ladies' Aid Society was well attended and every one had a good time. The decorating committee, Mrs. Nance and Elmer Adams, had the hall looking fine, with pumpkins, cornstalks, cats and witches. The booths were well patronized. Mr. R. Walter Maygrove and family furnished good music. A pleasant social time was enjoyed. The proceeds were $15.76.

The grapes are fast being taken to the market and the gleanings dried for raisins. Winter gardens are being planted and everybody is trying to "do their bit" to help toward the feeding of the soldiers.

Mrs. H. Hall and children moved to Tujunga Thursday. She has rented the Bell house and will try housekeeping.

Mr. Al Shelly returned from his trip to the north.

Mr. George Hitchcock lost his old horse, Molly, which has been a family pet for thirty years.

Mr. M. V. Hartranft moved from Lazy Louisiana ranch to Los Angeles Monday. Sorry to lose Mr. Hartranft from our section, as he has been a great worker for the betterment of the valley. He has not sold the ranch and we hope he may decide to return.

Mr. Mike Shelly and Mr. Koontz of Tujunga Terrace were in Sunland Thursday, soliciting for the state highway funds. The committee says the funds will soon be available for the rights of way. The bids are to be let the 6th of November. This will mean a boom for Sunland and the Monte Vista valley. "Come early to avoid the rush."

It is rumored that Mr. Allen Richardson is to put in a hardware store in connection with his garage.

Halloween has come and gone and the young people were up to their usual sports. Nothing very bad was done in Sunland, however.

Mr. George Huse has been busy the last week trimming up the oaks on his lots on Hill street, getting them ready to put on the market.

The commercial secretaries met in convention on last Saturday at Huntington Park, where an interesting meeting was held. The secretaries were taken on a trip through the several factories, which are a large industry at Huntington Park. Those who attended from the Sunland Chamber of Commerce were Messrs. Percy Lancaster, Rowley and Haflinger..

Mrs. Sauter of Los Angeles has been visiting her daughters, who is one of the teachers in the Sunland school.

"Were the eggs you got from the grocer fresh?" Mrs. Kawler asked.

"Oh, obsoletely," replied Mrs. Blunderby.

Notice to our Consumers

—With the introduction of the new rate for Electricity we are receiving numerous inquiries concerning Electric Cooking, Heating and Water Heating. We wish to call attention to the following facts as applying to Glendale:

ELECTRIC COOKING—is thoroughly practical and successful in every respect. We have a number of Ranges on our lines giving complete satisfaction. They embody numerous advantages including cleanliness, safety, better cooked food and improved flavor. The cost of operation is very reasonable at Glendale's rate for electricity.

ELECTRIC HEATING—this method of heating is absolutely ideal, there being an entire absence of odor and vitiated air. It is safe, clean and always under control. It is possible to heat any space to any desired temperature. We are making a number of test installations, including the heating of our office, for the purpose of determining the exact cost, etc., as applied to our local conditions. Large heaters require special wiring and we suggest talking with us before installing them.

WATER HEATING—by electricity is very desirable and thoroughly successful. The same characteristics of cleanliness, safety and ease of control enter into this application of Electricity. We are making exhaustive tests on several makes of water heaters, and will be able to give authentic information on this subject.
